for critical business environments

Reduced Vandalism and Theft

with Increased Security

Fully monitored Digital HD System exclusive to CSS .
Our system outperforms traditional manned guarding and costs up to 70% less.

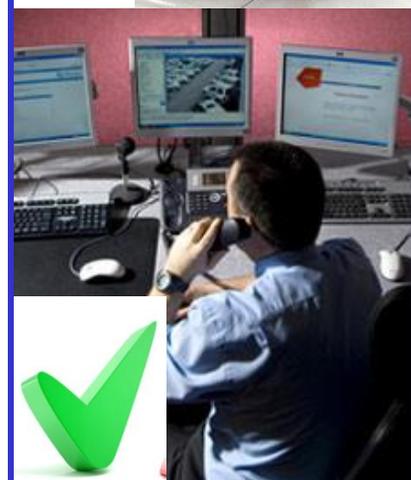

Our innovative remote monitored camera security system detects all movements on site.

They detect motion or sound then transmit live pictures to the control centre. If the images spell trouble, trained operators act with live audio warnings to any intruders and alert the police and local mobile security patrols within seconds!

Fully inclusive packages start from £ .50 per hour –
INCLUDING ALL SECURITY PATROL VISITS!!!!
