

Watch man

The Watchman has been designed in partnership with Cornerstone Security Ltd to offer the complete all in one portable site monitoring and security solution. Providing on-site security, the Watchman can also be used as a project management and Health and Safety tool. It offers the opportunity for office based personnel to access the cameras during working hours and review the recorded images to solve on-site problems or check regulations are being adhered to by contractors.

The Watchman can be used for a number of different site applications such as:

- Site Security
- Temporary Works
- Asset Protection
- Major Public Events
- Cable and Metallic Theft
- Project Management
- Health and Safety

Analogue IP/-PTZ Tower

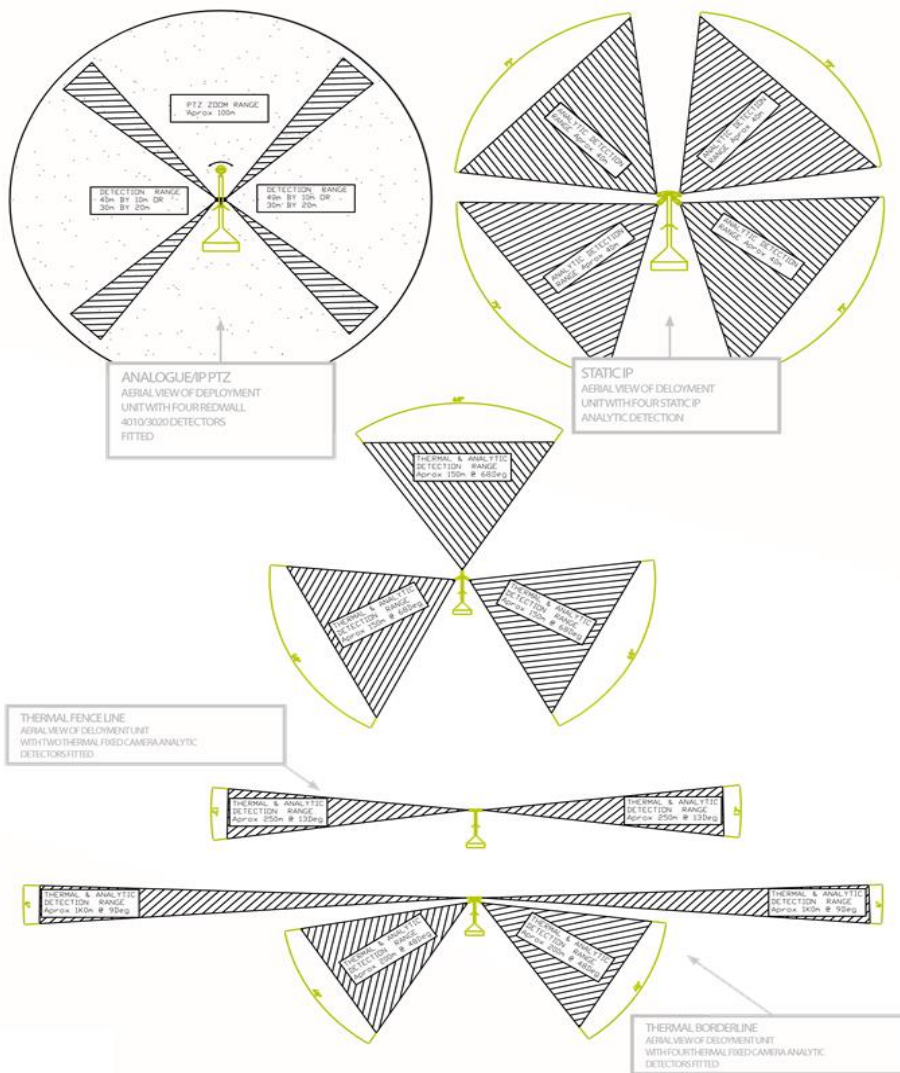

Static IP/Thermal Tower

Key Benefits:

- Rapid Deployment
